## Town Hall Meeting

On Sunday April 27, 2003, 27-year old Aron Ralston set off for a day's hiking in the Utah canyons. Dressed in a t-shirt and shorts, Ralston, a seasoned climber, figured he'd hike for a few hours and then head off to work.

40 miles from the nearest paved road, he found himself on top of an 800-pound boulder. No one knew where he was; he had little water; he wasn't dressed correctly; and the boulder wasn't going anywhere. He remained trapped for five days in the canyon:

Mr Ralston will be the first speaker in North Platte at this year's Town Hall Meeting series.

Tickets have been purchased prior. But if you are interested please contact Sylvia for availability.

## Thank you families

"Just Tips, no spit please". A night to remember... When you belted up to the bar, Bartender Don would point out the "Tip" sign and gladly serve you a foamy root beer straight from the keg; Don accumulated over \$9.00 in his spittoon; and no spit. Karla, Brenda, Rhonda, and Megan glitzed and feathered hospitality for all. The Sherriff spent the night calming the rowdies and jailbirds; then turned in her sheriff's badge back to one of Administrator. Sylvia and Gordie "howdied" all of our guests on horseback, no less. Thank you for the generous use of half of their household items. Our two jailbirds, Tim & Scott, striped and purposely pitiful raised over \$400 from local sympathizers to either keep them in jail or make bail... we are still not

quite sure. Rod's chuck wagon crew filled our bellies and satisfied our taste buds as always; thank you Kenny, Brenda, and Dianna.

Then, there were the stars of our show, our families. We have been wowed for almost a year at the wonderful memories and art that Memories in the Making has produced. What we did not expect was the heartfelt outpouring and generosity from our

families.

When the night was over "How the West was Won" raised \$4088.00 total.

Some things are just hard to put into words. This is one of those occasions. Little did we know how gracious the outcome would be, not only in supporting area dementia education but the heartfelt manner of the giving.

## Remembering 9-11

The Twin Towers were the tallest buildings in the world when built in 1971. Ten years ago when the towers were violently destroyed almost 3000 people died.

Remember your first kiss? How about your first car? Then again maybe your first kiss was in your first car? September 11th you will have a chance to recall some of those early fun memories.

Area car owners will be visiting Stone Hearth to participate in our very first Car Show. We expect numerous models, shined and remodeled by their proud owners. You might get a glimpse of a car model you use to own; or maybe a ride!

For your convenience the Car Show will be held in the front parking lot. You may roam and dream about

these classics at your leisure. Just for that afternoon we will be moving resident autos to the street in front of Stone Hearth.

Our Car Show will start at 4:00 PM. Car owners and their families and Stone Hearth residents and families will be invited to a Car Hop Meal including root beer floats, hot dogs, hamburgers, and fries.

If the weather is inclement we will move the show to the following Sunday. There will be no charge for this meal; please let Sylvia know if your family will be attending.

Our Town Gothenburg

Just in case you missed it Gothenburg was featured in the "Our Town" series shown on CBS channels 10/11. We are especially proud to note that our own Dev Appleyard was one of the 10 stories portrayed. In fact, Dev was the only featured individual. Lance Schwartz, reported, mentions at the bringing of

Dev's segment, "Well, I have never met anyone quite like Dev Appleyard". And for those of us that have enjoyed Dev and his art we know that is true.

The full program "Our Town" is just 30 minutes long and includes terrific Gothenburg highlights. For the full story please visit: [www.1011now.com/ourtown](http://www.1011now.com/ourtown)

Over 30 attended the Retired Teachers Tea held at Stone Hearth in August. Conversation centered around the tremendous amount of change over the years. Surprisingly, most teachers hated to see the country schools disappear. Mainly because of the family oriented atmosphere; the older students caring for the younger.
